

LIFE IS GOOD!

CHORUS *Life is good! That's no lie!
We're in it together, enjoying the ride.
We're living in the rhythm of a joyful life!
Joie de vivre! Vie de joie!
There's joy to discover wherever you are,
'Cause life is made for living with a cha-cha-cha!
Life is made for living with a cha-cha-cha!*

- 1 Open your eyes to the wonder of life,
There's a world of delight right in front of you.
So many gifts we so easily miss,
All the beautiful things that are here for you.

CHORUS

(With optional harmony)

- 2 Slow down the pace, it's a gift not a race,
There's no reason to chase what's ahead of you.
Live in the 'now', keep your feet on the ground,
There's a smile to be found that's inside of you!

LAST CHORUS

*Life is good! That's no lie!
We're in it together, enjoying the ride.
We're living in the rhythm of a joyful life!
Joie de vivre! Vie de joie!
There's joy to discover wherever you are,
'Cause life is made for living with a cha-cha-cha!
Life is made for living with a cha-cha-cha!
Life is made for living with a cha-cha-cha-cha!*
