Home Cooked Heritage 2019

Work creatively with artists and experts to explore the heritage of recipes and food from the past unearthed from Nottinghamshire Archives.

Full details and booking at www.inspireculture.org.uk/homecookedheritage

Your artworks will also be shared in an exhibition across Inspire Library Galleries and eventually be added back into Nottinghamshire Archives for future food historians to uncover!

As the exhibition tours, archaeologist James Wright will be delivering fascinating heritage talks.

Places for the workshops and talks are limited, so booking is highly advised.
