

Things you will need

- Countries quiz
- Pens

What to do

1. You can print off the quiz sheet or read the questions off the screen.

Be careful, the answers are on the last page of the quiz.

Keep them safe so no one can have a sneaky look too soon.

2. If you are with other people, you could work in teams.

What will your teams be called?

Who will read out the questions?

Will one person be the Quiz Master or will you take turns?

People can write down the answers or take turns to call out their answer.

Extra idea

- **Visiting other countries on the internet**

It can cost a lot of money to visit other countries. If you have the internet, you can explore countries whilst still being at home

- a) **Web cams** show you what is happening in places around the world.

Have a look at these :

- animals in Africa and America

- b) **Google** a country you would like to explore.

What can you find out about that country?

What would you want to see and do if you went to that country?

You could copy words and pictures, or print things off the internet to create a sheet to teach other people about that country.
