

People of Sherwood - My House, Emma's House

Welcome to the world of artist Emma Wilmot, who lived in the Sherwood Forest area of Nottinghamshire in the 1840s, almost 200 years ago!

When Emma got married in 1842, she moved to Worksop in Nottinghamshire, where she lived at Sparken House with her husband, Edward, and their children.

Colour in Emma's drawing of her family home, Sparken House:

In Emma's picture of her house, she has drawn animals grazing in the gardens, and people with a horse and cart on the driveway.

Why not draw a picture of your own house below? You could include your family members or pets in the picture too...
