

## AUDIO DRAMA

The Spark Arts for Children in association with Inspire: Culture, Learning and Libraries

# The Girl of Ink and Stars

A play by Satinder Chohan, based on the book by Kiran Millwood Hargrave

## Fantasy Map Activity

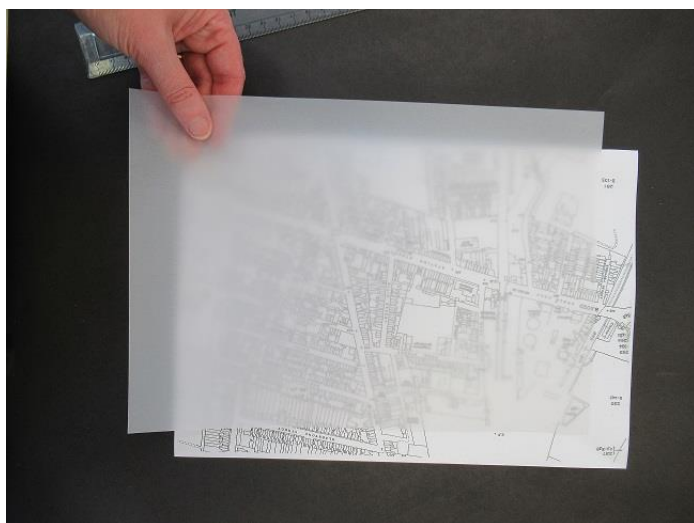

### To make a fantasy map you will need:

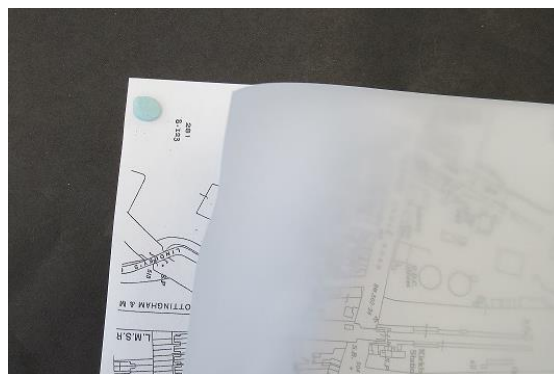

Paper  
Scissors  
Pencils and pens  
Blu tack  
Tracing paper

Find an old map of your town centre. Take A4 photocopies of an interesting section of the map in black and white (it's okay to photocopy a map if it's more than 50 years old).

### 'How To' create a fantasy map of your town

1. Attach the tracing paper to the map with Blu tack. Draw the fantasy map onto the tracing paper, follow some of the features and alter others.

2. Transform your town into a place of mystery and myth. Turn the map into an island, add forests, rivers, mountains and the sea. Imagine the monsters and mythical beasts that might live there!
