About Us

Inspire: Culture, Learning and Libraries was established in 2016 as a charitable community benefit society delivering cultural and learning services across Nottinghamshire. The society is owned and controlled by its members. Members are drawn from the community, and all staff become members of the society when appointed.

We deliver services from 67 buildings across Nottinghamshire and 4 mobile vehicles, have 702 people working for us and have an annual turnover of around £18.1M. The majority of funding for Inspire services comes from public funding.

Nottinghamshire County Council is the main funder for Libraries, Archives and Cultural services. The Education and Skills Funding Agency (ESFA) and the Arts Council England (ACE) also fund specific areas of delivery. Inspire became a National Portfolio Organisation (NPO) resulting in a £1.2M investment between 2018 – 2023 from ACE to deliver a cultural programme through the library service.

About the Opportunity

Our 12 member board is formed of staff and volunteers whose skills and experience enhance the development and leadership of the organisation. We have a mix of community-elected, staff-elected, co-opted and Nottinghamshire County Council representatives plus Inspire's CEO.

Claire Henson

Community Board Director

Feb 2018 to May 2021

“

I joined the Inspire Board because I am passionate about libraries and learning being accessible to all. The work of Inspire is hugely important to our communities and I wanted to support this in any way I could.

I have worked in academic libraries for over 12 years and am a regular visitor to public libraries in Nottinghamshire. My skills and experience of working with various community groups on projects helped me in the role of Inspire board director.

I'm really pleased that I took the opportunity to join the board and that I was able to contribute to and put forward a community perspective, working well with other members and learning from them as well as supporting them.

I have loved my time on the Inspire Board, getting to meet library staff, visiting local libraries and going to some fantastic events such as Readers Day that showcase the amazing work done across the county.

“

Reading and learning have always been personal passions for me; I have such happy memories as a child of being in my local library and when I set up my first business, my local Inspire library was where I would go and work from. I've also always been fascinated by change in large organisations and being invited to play a role in an organisation which, at the time was going through significant and very exciting changes was a real privilege. The Inspire footprint in terms of the role it plays for people across Nottinghamshire - be that through library services, community & adult learning, it's music provision, it's archive service - is extensive and we know it is also life-changing.

With a background in organisational change, leadership coaching and with a passion for creative problem solving I feel I brought a 'how might we' perspective to the Board. Supporting such a dedicated and experienced Senior Leadership Team, I always felt my role was as an enabler, as a sounding board and as a critical friend.

Without a doubt the highlight of being a member of the Board for Inspire was the opportunity to meet and work with so many of the Inspire team and through my role as Chair of the Learning & Skills Committee inviting Inspire learners to each one of our meetings meant that we were able to hear first-hand the experiences of our learners and therefore ensure we were always focused on supporting learners to achieve the outcomes that were important to them.

Everyone at Inspire is so passionate and dedicated to having a positive impact on the local community and that is inspiring to be around!
