

Create your own board game full of forfeits designed by you!

## My BRILLIANT BOARD GAME is called...

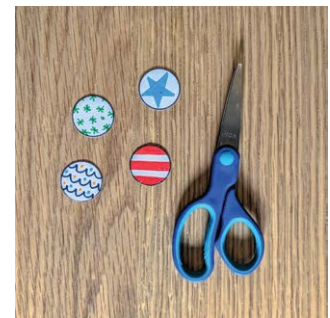

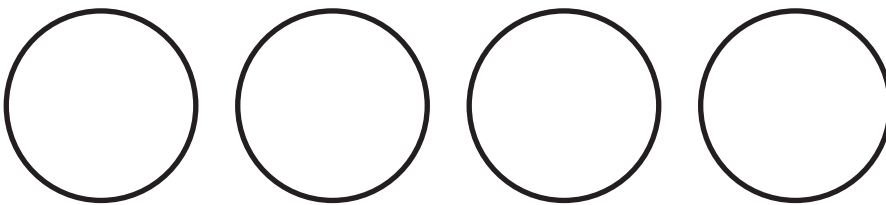

### What you will need...

Felt Tips / Pens  
Scissors  
Dice

### STEP 1

Cut out these circles and colour them in. These are your playing counters. Make your designs as unique as possible!

### STEP 2

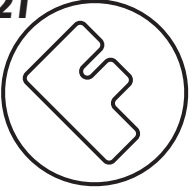

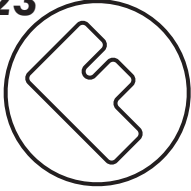

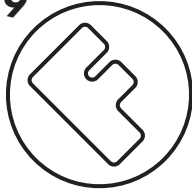

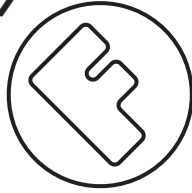

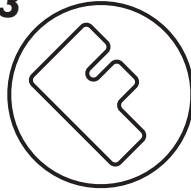

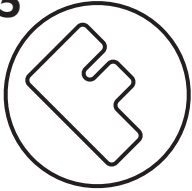

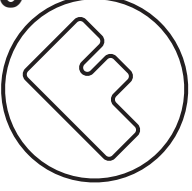

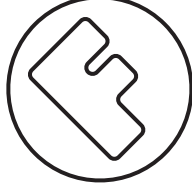

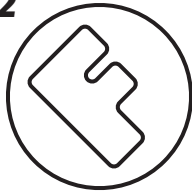

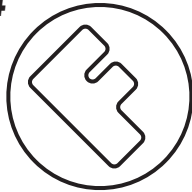

Think of ten different forfeits and write them on the next sheet. You could use some of these or make up your own:

- Sing your favourite song
- Do an impression of a cow
- Do ten star jumps
- Dance badly for ten seconds
- Think of four words that rhyme with 'cat'
- Hop around the room
- Tell a joke

### STEP 3

Start playing! Roll the dice and move along. If you land on a forfeit, it's time to perform your task! The first player to reach the end of the board is declared the winner.
