Write and print your own comics this summer with author Emma Pass and artist Duncan Pass. First, Emma will help you create a cracking story with a magnificent hero and a mischievous villain. Then Duncan will show you how to turn it into a comic strip which you'll print on one of his hand-built printing presses, made from a 200-year-old washing mangle.

## Mischief Makers: Summer Reading Challenge Exhibition

Saturday 14 July – Sunday 9 September

### Worksop Library Gallery

Two Worksop schools worked with our talented author and artist in residence Emma and Duncan Pass during the summer term to create this year's fabulous Summer Reading Challenge Exhibition. Read the cracking stories that were created, meet an array of superb heroes and naughty villains. All have been brought to life in comic strip form with the help of a washing mangle and a large dollop of creativity!
